

FENCE PROJECT UPDATE

Prepare Your Courtyard

You Could Be Next

Empty your Shed

Remove any shelving you have installed

Trim plants/trees workers need 24 inches between your plants and fence to work

This includes the root system

If your plants are in the way they will be cut down

We will not trim your plants

Remove all lights and electric

No Live Wires

Remove any sprinklers/water system you have installed in courtyard

Cap of water lines

Remove any shed extensions you have installed

Bulldog Fence will have two sometimes three crews working at a time do not delay in preparing your courtyard

If the association has to have electrical, water, empty your shed or cut down a plant or tree you will be billed by the association

The Tequesta Hills COA, Board of Directors, Management Company, landscape contractor, construction contractors, and associated vendors are not responsible for damages, theft, replacement, and loss of personal items, electrical / plumbing additions, sheds or anything independent of the original fence construction.

Your Cooperation Is Appreciated.
